: HEAD, SLIE

SUBJECT: RECONSTRUCTED FILES

This application is a duplicate of the original application that was lost.

All records in palm have been updated to the current status.

The file has now been reconstructed and ready for the next appropriate action by the examiner.

Any further matters relating to Tech Support issues of the application should be brought to my attention. (Earline Green - ~~805-4901~~ 22943)

update file

* Index of claims - final numbering

* Issue slip - (Blue)

* update search notes & interference search

* Face of file needs initials on:

• continue DATA

• foreign Application

• foreign Priority claim

• Allowed claims

• print claims

• drawings

* EXM needs to sign face of file
